

# piggly wiggly

At Piggly Wiggly, we strive to minimize our environmental footprint and do our part for the climate crisis as much as possible. We use biodegradable take away containers, paper straws, and fervently recycle. Our free-range barn eggs are sourced from a local family farm with happy hens. We source all of our cheeses locally and support farmers and artisans in our area.

Piggly Wiggly breakfasts are served with your choice of freshly baked bread. Choose between ciabatta, rye, white or our famous homemade brown
